Supporting Voluntary and Community Activity

Dear Clerk

At this challenging time, we at Flintshire Local Voluntary Council wish to remind you of the existing help and support that is available for groups and individuals within your community. We are **funded by Welsh Government and Flintshire County Council** to support voluntary and community activity across Flintshire. Our organisation has been in existence for over 20 years.

We will be making contact with you shortly to understand your current requirements and to promote the support we offer. We can provide a poster or document/text for your website/noticeboard to communicate this within your locality. In the interim, please contact Shaun Darlington or any of the team below with your queries.

Flintshire Local Voluntary Council – Supporting Voluntary and Community Activity

The Staff team at Flintshire Local Voluntary Council are currently fielding very many responses and queries from

- **Individuals** offering to help their local community
- **Voluntary and Community groups** developing their own contingency plans
- **Public Sector partners** seeking the best way to access safe, coordinated voluntary and community-based support for the Residents of Flintshire.

In our role as the CVC we are concentrating our efforts on being the conduit between support offered and support needed, whilst supporting organisations, some newly formed, with their governance and planning.

Volunteering

We have set a [dedicated vacancy on the Volunteering in Wales website](#) for individuals to register their interest in volunteering. **Registering is a two-part process for those who are not already registered with Volunteering Wales. Part one, register, part two, “join” the opportunity “COVID–19 volunteering in Flintshire”.** We will keep in regular contact with everyone who registers, linking them with a community need, as and when appropriate. We are asking interested parties to bear with us as many groups have been inundated/are struggling with their own day to day operation.

We need to be mindful of the risks of linking our vulnerable residents with unregulated support, so we are working on the best possible ways to harness the willingness and energy of those who are well and willing with the key areas of need – to protect the

helper as well as the person needing help
